

ZEONE[®]

Innovation You Can Trust

PRODUCT PRICELIST

ABOUT OUR COMPANY

ZEONE — Innovation You Can Trust.

Founded with a vision to make smart living simple, reliable, and accessible, Zeone creates intelligent products that combine advanced technology with effortless everyday convenience.

More than just innovation, we believe in thoughtful design, lasting quality, and experiences that inspire confidence. Every Zeone product is crafted to deliver seamless performance, elegant aesthetics, and dependable reliability so you can trust it, every single day.

A NOTE FROM THE FOUNDERS

Every meaningful journey begins with a thought.

Zeone was founded by **Pooja Panchal** and **Sachin Gala** with a shared vision — smart solutions that bring together innovation, thoughtful design and everyday simplicity.

Pooja Panchal

Co-Founder — Design & Product

Architectural Lighting Designer
New York City, USA

Pooja's background in Interior Design and experience as an Architectural Lighting Designer in New York City inspired a design-led approach to technology.

Sachin Gala

Co-Founder — Industry & distribution

25 Years of Experience in the Hardware industry

Sachin's 25 years of expertise in the hardware industry provide the foundation of quality, reliability, and trust behind every product we create.

Together, we believe that technology should make life simpler, smarter, and more intuitive. Every Zeone product is built with this philosophy at its core.

Thank you for being a part of the Zeone journey. Together, we're building a smarter future.

BUILT FOR THE MOMENTS THAT MATTER.

Leaving for work

The business locks up behind you no keys to check, no doubt to carry.

Family arriving home

A fingerprint is enough. No hidden spare, no waiting at the door.

Returning home late

The door opens the moment you reach it, and closes the moment you're in.

Every interaction with your lock should feel effortless.

TOMORROW BEGINS AT YOUR DOOR.

The future of living is intelligent, connected and effortless. As homes become smarter and lifestyles evolve, the ways we live must evolve with them.

Zeone is committed to designing solutions that are not only built for today, but ready for the possibilities of tomorrow protecting, connecting and empowering the people who matter most.

Every product we create moves toward a world where technology works quietly in the background.

Know Your Alerts with Zeone

Low Battery Indicator

Zeone gently alerts you when battery levels run low, ensuring uninterrupted performance and timely recharging.

Door Locking Status Alarm

If the deadbolt is not properly engaged and the door remains unsecured, Zeone immediately notifies you for added safety.

Wrong Access Alarm

In case of repeated incorrect attempts, Zeone triggers its Wrong Access Alarm to safeguard your lock from unauthorized entries.

Break-in Alarm

Any attempt to tamper with or forcibly break the lock sets off Zeone's Break-in Alarm, providing a strong layer of protection.

Hijack Alarm with Real-Time Push Notifications

With advanced anti-hijack detection, Zeone identifies unauthorized takeover attempts and sends instant alerts directly to your phone.

High Temperature Alert

If room temperature exceeds 70°C due to fire or other emergencies, Zeone activates its safety alert until conditions normalize.
